

## SpanMARK LINE MARKING SYSTEMS

- **Utility Line Markers**
- **Improved Helicopter Line Inspection**
- **Warning Flags, Signs, Numbers**
- **Improved Line, Ground Inspection**
- **Easy Installation on Hot Lines**
- **Firm Grip on Lines**
- **Wide Variety of Markings**
- **Easy Removal With Span Tool**
- **Low Cost**

### SpanMark

SpanMark Utility Line Marking systems improve line inspection techniques from helicopters and from the ground. Large durable lettering and numbering assemblies insure easy surveillance. Warning flags, blank or printed, are available at low cost.

### Wide Variety

SpanMark flags, number systems and warning signs are available in a wide variety of characters to meet the needs of utilities. The rugged SnapFAST clamp is built for long, trouble free life, made of weather resistant ABS Makrolon plastic. The SnapFAST clamp gives a firm grip to the lines without slipping. The SpanMark unit can be easily installed and removed using the SpanMark tool.

### SnapFAST Clamp

A patented SnapFAST stainless steel spring loaded clamp supports the signs and is easily mounted on the line with a unique tool, mounted on standard hot sticks. The signs and flags can be installed on hot lines.

### Versatile

SpanMark systems can be mounted on lines up to 2 ¾" in diameter. Flags come in yellow, red or orange colors. 13 ¾" x 11 ½". Signs come already inscribed or with frames for one, two, three or four numbers, field adjustable, slip in numbers. Numbers can be 1", 2", 3", 4", 5" or 6" high, vertical or horizontal. Frames and numbering systems are also available for poles and towers.

# SnapFAST Clamp

"SNAPFAST" SECURELY GRIPS ALL CABLES UP TO A DIAMETER OF 70 mm

Made from weather-resistant ABS-Makrolon with a stainless-steel spring action, "SnapFAST" Clamps securely grip all single or bundled cables up to a diameter of 70mm (2.76"). Using the special "SpanTOOL" installation tool fitted to a suitable insulating pole, these signs can be installed and removed FROM THE GROUND without cutting the power.

## FLAGS

Flags are available in yellow, orange and red; blank or lettered; one side or two. Flags are 13<sup>3</sup>/<sub>8</sub>" x 11.5".

## SIGNS

The signs are made from 2mm plastic laminate, clearly engraved on both sides, black on yellow or aluminum painted black on yellow and securely riveted to the patented "SnapFAST" fitting.

Numbers 1 - 9 and Danger High Voltage are stock items. Other texts and sizes may be supplied to order.

## ORDERING DIRECTIONS:

Type	Width	Depth	Text
KL 70 S	120 mm	50 mm	DANGER HIGH VOLTAGE
KL 70 - 1	60 mm	90 mm	1
KL 70 - 2	60 mm	90 mm	2
KL 70 - 3	60 mm	90 mm	3
KL 70 - 4	60 mm	90 mm	4
KL 70 - 5	60 mm	90 mm	5
KL 70 - 6	60 mm	90 mm	6
KL 70 - 7	60 mm	90 mm	7
KL 70 - 8	60 mm	90 mm	8
KL 70 - 9	60 mm	90 mm	9
KL 70 - F	13 <sup>3</sup> / <sub>8</sub> "	11.5"	YELLOW WARNING FLAG

**Flags:** KL - 70 SpanMark Flags, 13<sup>3</sup>/<sub>8</sub>" x 11.5" specify color, printed one side / both sides. Specify printing \_\_\_\_\_.
