## Hammarprodukter H24v Combo Signs

Vertical signs can easily be created by using H 25 characters combined with the H 10 baseplate. The signs can be ordered as "ready-made" or as "self-assembly".

**Baseplate** - The edges of the baseplate are folded so that the characters of your choice can be inserted from right to left.

### H25v - Characters

The characters are punched out holes in yellow or white weather proof aluminum plates

### H25v - Assortment Box

Practical, specially designed assortment box. Equipped with handles for safe locking. Generous compartments for letters, numbers and symbols, baseplates and assembly tools.

**Assortment box** including numbers, letters, baseplates and assembly tools.  
 EE 06 685 13

**Assortment box** empty but including compartments.  
 EE 06 685 14

### Assembly Tools

**Combi-crimp**  
 Cuts and seals the baseplate and punches the hole for fixing - all in one go. Two magnetic supports are included, making it possible to assembly signs using the combination systems H 10 and H 25 vertical, - H 50 and H 50 vertical.
