## SolarPower

### Uni-Solar Photovoltaic Modules

Unisolar's amorphous film technology produces a flexible, lightweight triple junction silicon solar cell deposited on a stainless steel substrate. The finished module is encapsulated in UV-stabilized polymers and framed with anodized aluminum. Because there is no glass, this module is a good choice for RVs. Output is 12 volts. 20 year warranty. UL Listed.

	Wattage Peak (watts)	Warranty (years)
<b>US-32</b>	<b>32.</b>	<b>20</b>
<b>US-64</b>	<b>64.</b>	<b>20</b>
